

AV environment/equipment

Room hire rates include the very latest control and AV technology – and lots of it.

Whether you're hiring a room, a floor or our entire space, you'll find our integrated systems give you the performance and options you need.

Intuitive control

Wall-mounted iPads in each room act as your one-touch control system for sound, lighting, display and air conditioning.

Intuitive service

Our qualified events team is always on hand to help you set up and support you throughout – no wandering down hotel corridors in search of help that isn't forthcoming! We're here to make sure everything keeps going right for your event.
